DIRECTIONS FOR USE:

INNER PACKAGE IS WATER SOLUBLE

METAL WORKING FLUIDS:

Dose at 0.6-1.2 kg per 10,000 litres of system volume. Expel product directly into the sump at a convenient point.

OIL FIELD APPLICATIONS:

Use 100 ppm active ingredient based on the water content of the system until control is achieved. Maintenance dosage: 10-25 ppm. In all application, expel the product into the system in the areas specified below:

IN ALL CASES AVOID SKIN CONTACT.

WEAR CHEMICAL RESISTANT GLOVES.

GAS WELLS:

Introduce through wellhead valving system, so product drops down tubing.

OIL WELLS:

Drop down tubing when sucker rods are pulled.

STORAGE TANKS:

Drop through thief hatch.

COOLING TOWERS:

Pre-clean heavily fouled systems (e.g. with chlorine).

Shock dosages of 100 ppm based on the water content of the system may be used until control is achieved. Maintenance dosage: 15-50 ppm. Expel the product directly into the sump of the system at a convenient point.

Each stick contains 100 grams of active ingredient.

FIRST AID:

If splashed in eyes or on skin, flush thoroughly with water for 15 minutes. For eye contact, get medical attention IMMEDIATELY. If on clothes, remove clothes immediately. If breathed in, move person to fresh air. If swallowed, drink two or three glasses of milk or water. Do not induce vomiting. Call a physician or the Poison Control Centre IMMEDIATELY. Take container, label, or product name and Pest Control Product Registration Number with you when seeking medical attention.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN

POTENTIAL SKIN SENSITIZER

Corrosive to eyes and skin. Fatal if swallowed. Potential skin sensitizer. Do not swallow. Do not inhale dust. Do not get in eyes, on skin or on clothing. Avoid contamination of food. Wear goggles or a face shield, chemical-resistant gloves, long pants, a long sleeved-shirt, shoes and socks during mixing/loading, clean up and repair. Formaldehyde can be released during use of this product. It is recommended that this product not be used in circumstances that would result in formaldehyde air concentrations in the workplace exceeding the exposure levels established by occupational health and safety authorities in your jurisdiction. If values exceed this level, it is recommended that NIOSH approved respiratory protection be worn. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove

clothing/protective equipment immediately if pesticide comes in contact with skin through soaked clothing or spills. Then wash skin thoroughly and put on clean clothing and required protective equipment prior to resuming your previous work activity. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

Store away from:

- a) Oxidizing materials.
- b) Heat and sources of ignition.
- c) Food and food containers.

Avoid contact with metals.

SPILLAGE:

Immediately sweep up and remove, then clean the area with detergent and water.

DISPOSAL:

For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

ENVIROMENTAL HAZARD:

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

TOXICOLOGICAL INFORMATION:

Corrosive to eyes and skin. This product may produce a sensitization response or allergic reaction in some individuals.
