DIRECTIONS FOR USE

ControlChem 2729 A Metal Working Microbiocide is recommended for control of bacteria and fungi in soluble and emulsifiable type aqueous metalworking fluids such as emulsified petroleum oils, and formulations containing alcoholic fatty acid, sulfonated red oil, or naphthalene sulfonate. These fluids are usually prepared by diluting the product concentrates 1:50 with water.

For the maintenance of non-fouled system, use the diluted ControlChem 2729 A Metal Working Microbiocide at 22 ml per 100 liters of emulsion every 8-12 weeks. For a noticeably fouled system, use an initial dose of 50 ml or 8ppm of ControlChem 2729 A Metal Working Microbiocide to 100 L of the metal working fluid in the system to be followed by subsequent maintenance dosages depending upon the treatment interval noted above. Product should be fed into system water with appropriate metering equipment and monitoring controls so it does not exceed 8 ppm of ControlChem 2729 A Metal Working Microbiocide.

. ControlChem 2729 A Metal Working Microbiocide weights 1.01 kg /liter.

PRECAUTIONS

- POTENTIAL SKIN SENSITIZER

CORROSIVE TO EYES AND CAUSES SKIN BURNS. MAY CAUSE ALLERGIC SKIN REACTION. MAY BE HARMFUL IF INHALED. MAY BE FATAL IF SWALLOWED OR ABSORBED THROUGH THE SKIN.

- AVOID CONTAMINATION OF FOOD
- KEEP OUT OF REACH OF CHILDREN

Do not get in eyes, on skin or on clothing. Do not swallow. Avoid breathing vapours and spray mists. Wash skin thoroughly with soap and water after handling. Remove contaminated clothing and wash separately from other laundry before reuse. Do not take internally. Wash thoroughly after handling.

Wear long pants, a long sleeved shirt, chemical-resistant gloves, a full face NIOSH-approved respirator and chemical-resistant apron during mixing/loading, clean up and repair.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product. Do not contaminate water by cleaning of equipment or disposal of waste.

FIRST AID

If swallowed: Do NOT induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician or poison control centre immediately.

If inhaled: Remove immediately to fresh air. If not breathing, apply artificial respiration. If breathing is difficult, give oxygen. Call physician or contact poison control center.

If on skin: Remove contaminated clothing immediately. Wash skin with large quantities of water. Launder clothing before reuse.

If in eyes: Flush with plenty of water for at least 15 minutes. Call a physician or contact poison control center.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed. Detailed procedures for treatment should be available through Poison Control Centers.

STORAGE

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. If plastic, do not reuse empty container.

DISPOSAL

1. Triple-or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean –up of spills.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
